Recommended Courses
Calculus I
Intro to Psychology
Intro to Sociology
Statistics

Our program is for **career changers** taking all prerequisite coursework for the first time in preparation for standardized tests and application to medical and other professional health programs.

### Admission Requirements

- ◇ U.S. citizen or permanent resident
- ◇ Bachelor's degree from a U.S. regionally accredited institution
- ◇ Overall undergraduate GPA of 3.2 >
- ◇ Science coursework GPA of 3.0 >

It is recommended students take a social science course if they have not had one in more than five years, specifically Intro to Psychology or Sociology as these subjects are included on the MCAT.

Additionally, Calculus I is recommended prior to applying for medical school. This course may be completed following your program or as a substitution course during the program for students who have already completed one or more of the program requirements.
